

Message of Dr. Abdul Matin "Adrak" In the name of almighty God

This is a great pleasure for Afghanistan National Disaster Management Authority (ANDMA) That base on its mandate and working procedures in terms of public awareness, coordination of relieves, public education, trainings and other activities related natural disaster, has been taken another fruitful step towards a better Disaster Management System in the country and communication with the world society regarding Disaster Management in Afghanistan. Therefore ANDMA is very thankful from AIMS organization for developing the web site and it is our happiness to present ANDMA's website to all visitors of the world especially for the organizations and associations who works for Disaster Management. It is also important for ANDMA to communicate regularly with all stakeholders in the world and to share information regarding disaster. This web site serves the purpose of keeping you informed about ANDMA's work and progress in all over the country in terms of disaster. We will much appreciate and will be happy to have your questions and comments regarding our related functions. The website will be further developed to keep you inform about its implementation and progresses.

At the conclusion we hope a Developed, Peaceful. Strong and safe Afghanistan from any kind of disaster.
